

# HORIZONS

Understanding the impact of cancer diagnosis and treatment on everyday life

Sixth Questionnaire: 36 month follow-up

| Study ID |  | / | / | N |  |  |
|----------|--|---|---|---|--|--|

Thank you for your valuable and continued involvement in this study.

Over 3,300 people across the UK are taking part in HORIZONS.

Your participation will help us to understand how a diagnosis of cancer and its treatment affects a person's everyday life and how this may change over time.

### **About this questionnaire**

- This questionnaire is divided into 7 parts
- It will ask about your general health and wellbeing, managing your health, how you have been feeling, your experience of support and use of health services
- The information you give will remain confidential and will not be seen by our clinical team
- Please return your completed questionnaire in the FREEPOST cavelog provided

### You can also complete this questionnaire online

- It's easy to use and is laid out like the paper version
- Saves your progress as you go
- Sased on your answers, it will show or hide followon questions if relevant
- You create your own secure log-in details

To do this or to find out more, please contact us: HORIZONS@soton.ac.uk or 023 8059 6885

### Why is this questionnaire so long?

- HORIZONS covers a will le range of topics that people affected by cancer have said matter to them and want to know more about
- Pleasetry to answer all the questions but feel free toskip questions if you don't think they apply to you
- You may also want to take breaks

### Are my answers still useful for the study?

- Yes, even if you have not experienced problems, or feel you have moved on with your life since your diagnosis or treatment, we still want to know about your experiences
- You may also feel that you have other health conditions that may influence your answers, we consider all aspects of your health and so these answers are still very useful for us to understand your experiences

### Why do some questions repeat?

- The questionnaire includes different sets of questions which measure different topics.
   Sometimes questions will seem similar but unfortunately, we cannot change them as this will affect how we can interpret the results
- You will also notice that some questions are repeated from the last questionnaires, this is important for us to find out what has or has not changed since then

Funded by

## Part 1 – Your General Health & Well-Being

First, we would like to ask some questions about your current health and quality of life.

We would like to ask you about some things that can affect the **quality of people's lives**. Some of these questions may sound similar, but please be sure to answer each one. Below is a scale ranging from 'never' to 'always'. Please indicate how often each of these statements has been true for you in the **past four weeks**. (Please tick **one** answer for each question) Never Seldom Some About as Frequently Very Always times often as often not You had the energy to do the things you wanted to do. You had difficulty doing activities that require concentrating. You were bothered by having a short attention span. You had trouble remembering things. You felt fatigued. You felt happy. You felt blue or depressed. You enjoyed life. You worried about little things. You were bothered by being unable to function sexually. You didn't have energy to do th things you wanted to do. You were dissatisfied with your sex life. You were bothered by pain that kept you from doing the things you wanted to do. You felt tired a lot. You were reluctant to start new relationships. You lacked interest in sex. Your mood was disrupted by pain or its treatment. You avoided social gatherings. Ш

|   | Never       | Seldom      | Some<br>times | About<br>as often<br>as not | Frequently          | Very<br>often        | Always |
|---|-------------|-------------|---------------|-----------------------------|---------------------|----------------------|--------|
| You were bothered by mood swings.   |             |             |               |                             |                     |                      |        |
| You avoided your friends.   |             |             |               |                             |                     |                      |        |
| You had aches or pains.   |             |             |               |                             |                     |                      |        |
| You had a positive outlook on life.   |             |             |               |                             |                     |                      |        |

## Part 3 - Your Experiences of Help and Support

In this section, we would like to find out more about the types of support and assistance you have available to you.

|  | None of the time | A little of the time | Some of the time | Most of the time | All of<br>the tim |
|--|------------------|----------------------|------------------|------------------|-------------------|
| Emotional / Informational Support:   |                  |                      |                  |                  |                   |
| Someone you can count on to listen to you when you need to talk              |                  |                      |                  |                  |                   |
| Someone to give you information to help you<br>understand a situation        |                  |                      |                  |                  |                   |
| Someone to give you good advice about a crisis                               |                  |                      |                  |                  |                   |
| Someone to confide in or talk to about yourself or your problems             |                  |                      |                  |                  |                   |
| Someone whose advice you really want   |                  |                      |                  |                  |                   |
| Someone to share your most private worries and fears with                    |                  |                      |                  |                  |                   |
| Someone to turn to for suggestions about how to deal with a personal problem |                  |                      |                  |                  |                   |
| Someone who understands your problems  |                  |                      |                  |                  |                   |
| Tangible Support:  | _                |                      |                  |                  |                   |
| Someone to help you if you were confined to bed                              |                  |                      |                  |                  |                   |
| Someone to take you to the doctor if you needed it                           |                  |                      |                  |                  |                   |
| Someone to prepare your meals if you were unable to do tyourself             |                  |                      |                  |                  |                   |
| Someone to help with daily chores if you were sick                           |                  |                      |                  |                  |                   |
| Affectionate Support:  |                  |                      |                  |                  |                   |
| Someone who shows you have and affection                                     |                  |                      |                  |                  |                   |
| Someone to love and make you feel wanted                                     |                  |                      |                  |                  |                   |
| Someone who hugs you   |                  |                      |                  |                  |                   |
| Positive Social Interaction:   |                  |                      |                  |                  |                   |
| Some one to have a good time with  |                  |                      |                  |                  |                   |
| Someone to get together with for relaxation                                  |                  |                      |                  |                  |                   |
| Someone to do something enjoyable with                                       |                  |                      |                  |                  |                   |
| Additional Item:   |                  |                      |                  |                  |                   |
| Someone to do things with to help you get your mind off chings               |                  |                      |                  |                  |                   |

We would like you to think about the people around you that are important in helping you manage your everyday needs while living with your condition. This could include relationships with: family members, friends, neighbours, colleagues, members of hobby and interest groups, health professionals, acquaintances.

People who are important to you can be different in many ways. You may be in contact with them every day, monthly or less often. You may have very close relationships with them or may not know them very well. Some relationships may be important to you because of the help and advice they offer to people you care about.

Please answer each question by circling the answer (1 – 5) which you think is closest to your experiences over the last year. Don't spend too long thinking about each question; your first reaction to each item will probably be most accurate. If there is anything unclear or you would like to comment on a particular question, please feel free to make a note in the space below this table.

### **Your Social Network**

Many people understand the term 'social network' to be social media. Whilst social media can play an important role in the lives of people with cancer, we are particularly interested in looking at the social relationships that people use to support themselves in their communities.

### On the next page:

- **1.** Please list all the people who have played an important role in helping and supporting you to deal with your diagnosis and/or treatment of cancer.
  - They can be anyone from family members, neighbours, colleagues, to pets and healthcare staff like GPs and nurses.
- 2. For each person, please let us know a couple of details about them:
  - (1) their relationship to you (e.g. friend, pet, GP, nurse, etc.)
  - (2) how often you see them in person, and
  - (3) approximately how far do they live from you
- 3. Then, please circle a number between 1 and 3 to indicate the extent they help you with:
  - **A.** Information of your illness and illness management (things to do with your long-term condition (e.g. helping you to understand health information, diet, medicines, etc)
  - B. Practical help with daily tasks (e.g. running your household, etc)
  - **C. Emotional support** (your wellbeing, helping you feel good, comforting you when you are worried, etc)

Please use as many or as few of the lines provided.

To help us plan better services for people diagnosed with cancer, we are interested in whether or not needs which you may have faced as a result of having cancer have been met.

For every item on the following pages, indicate whether you have needed help with this issue within the last month as a result of having cancer. **Put a circle around the number which best describes whether you have needed help with this in the last month.** There are 5 possible answers to choose from.

| No Need   | 1      | <b>Not applicable</b> – This was not a problem for me as a result of having cancer                     |
|-----------|--------|--|
| Noneed    |        | <b>Satisfied</b> – I did need help with this, but my need for help was satisfied at the time.          |
|           | 3      | <b>Low need</b> – This item caused me concern or discomfort? I had little need for additional help.    |
| Some Need | leed 4 | <b>Moderate need</b> – This item caused me concern or discomfort. I had some need for additional help. |
|           | 5      | <b>High need</b> – This item caused me concern or discomfort. I had a strong need for additional help. |

| Having one member of hospital staff with whom you can talk to about all aspects of your condition, treatment and follow-up                    | 1                 | 2         | 3         | 4                | 5         |  |

## Part 4 - Your Use of Health Services

We would now like to ask you about the health and support services you may have used.

### 1. Health service use

This section will ask you about the health services and support you may have used.

Please record the **number** of health and social care services you have used over the **last 3 months** including those due to any health problems, not just your cancer and its treatment.

| ose due to any health problems, not ju  | st your cancer and                         | i its treatme         | ent.                |     |                                 |

In the following questions, we would like you to think about "illness" in relation to your experience of cancer and/or its effects on your health, well-being and day-to-day life.

Please circle or mark one number per line to indicate your response as it applies to the past 7 days.

Where the word 'family' is used, please consider this to also include your partner and/or children if applicable.

### **Responsibilities and Social Life**

|   | Notatall | A little<br>bit | Some-<br>what | Quite a bit | Very<br>much |
|---|----------|-----------------|---------------|-------------|--------------|
| My illness interferes with performing my responsibilities at home (e.g. cooking, cleaning, gardening, DIY)                | 0        | 1               | 2             | 3           | 4            |
| I am less able to fulfil my caregiving responsibilities (e.g. looking after children, grandchildren, another adult, pets) | 0        | 1               | 2             | 3           | 4            |
| I have less patience for my caregiving responsibilities (e.g. looking after children, grandchildren, another adult, pets) | 0        | 1               | 2             | 3           | 4            |
| I feel sad that my illness forces me to miss out on doing things with my children and/or other family members             | 0        | 1               | 2             | 3           | 4            |

People's problems sometimes affect their ability to do certain day-to-day tasks in their lives. To rate your problems look at each section and determine on the scale provided how much your problem impairs your ability to carry out the activity. Work Because of cancer my **ability to work** is impaired. If you are retired or choose not to have a job for reasons unrelated to your problem, please tick 'N/A' 3 0 6 Not at all Slightly Definitely Markedly Very Severely **Home Management** Because of cancer my home management (cleaning, tidying, shopping, cooking, looking after hold children, paying bills, etc) is impaired. 0 3 5 Not at all Slightly Definitely Markedly Severely **Social Leisure Activities** Because of cancer my **social leisure activities** (with other people, e.g. parties, pubs, outings, entertaining etc.) are impaired. 0 2 3 Definitely Markedly Slightly Not at all Very Severely **Private Leisure Activities** Because of cancer my **private leisure activities** done alone, e.g. reading, gardening, sewing, hobbies, walking etc.) are impaired. 0 6 8 Not at all Definitely Markedly Very Severely Family and Relationshi Because of cancer my ability to form and maintain **close relationships** with others, including those I live with, is impaired. 2 3 4 6 8 Slightly Very Definitely Markedly Severely

## Part 6 – About You, Your Interests & Lifestyle

In this section, we would like to ask you if anything has changed about you and your lifestyle since the last questionnaires.

### 1. Other conditions or illnesses that you may have

| <b>Since your diagnosis of cancer,</b> have you been told by a healthcare professional that you have another health condition?      |  |   |    |        |   |   |     |   |         |             |
|---|--|---|----|--------|---|---|-----|---|---------|-------------|
|   | Yes  | □ No  |    |        |   |   |     |   |         |             |
| If <b>'Yes'</b> , please work through both parts A & B in the table below and select the condition(s) you have been diagnosed with. |  |   |    |        |   |   |     |   |         |             |
| If <b>'N</b>  | lo', please continue to Page 37.   |   |    |        |   |   |     |   |         |             |
| A.  | <b>A.</b> From the following list of conditions in the table below, please select those which a health professional has told you that you have.  |   |    |        |   |   | has |   |         |             |
| B.  | <b>B.</b> From the conditions you have indicated you have, please let us know how severely the condition has limited the activities you do on a typical day. For example, but not limited to: work, working around the house or garden, bathing or dressing yourself, social activities. |   |    |        |   |   |     |   |         |             |

Thank you very much for your participation

Thank you very much for your help. We really value the time you have taken to complete this questionnaire.

Your participation is very helpful to us.

It is possible that you may have found some of these questions have raised issues for you which may be upsetting. If you have any concerns following the completion of this questionnaire we recommend that you seek support from your health care providers, such as your GP or specialist nurse, or through the helpline provided by Macmillan Cancer Support, who can be contacted on 0808 808 0000.

Please be aware that what you have written is not always read and analysed until some time after we receive the questionnaire. Questionnaires and notes are not read by your health care team.

Please return this form in the FREEPOST envelope provided.

If you would like further information or have any queries about this study, please contact the HORIZONS Research Team on 023 8059 6885 or email HORIZONS@soton.ac.uk.
